01

Introduction

What is a digital twin?

02

Our Value Pillars

The five pillars of Digicopyme.

03

Functions and Accessibility

Internal and External Functions.

04

Integration

Works wherever you work.

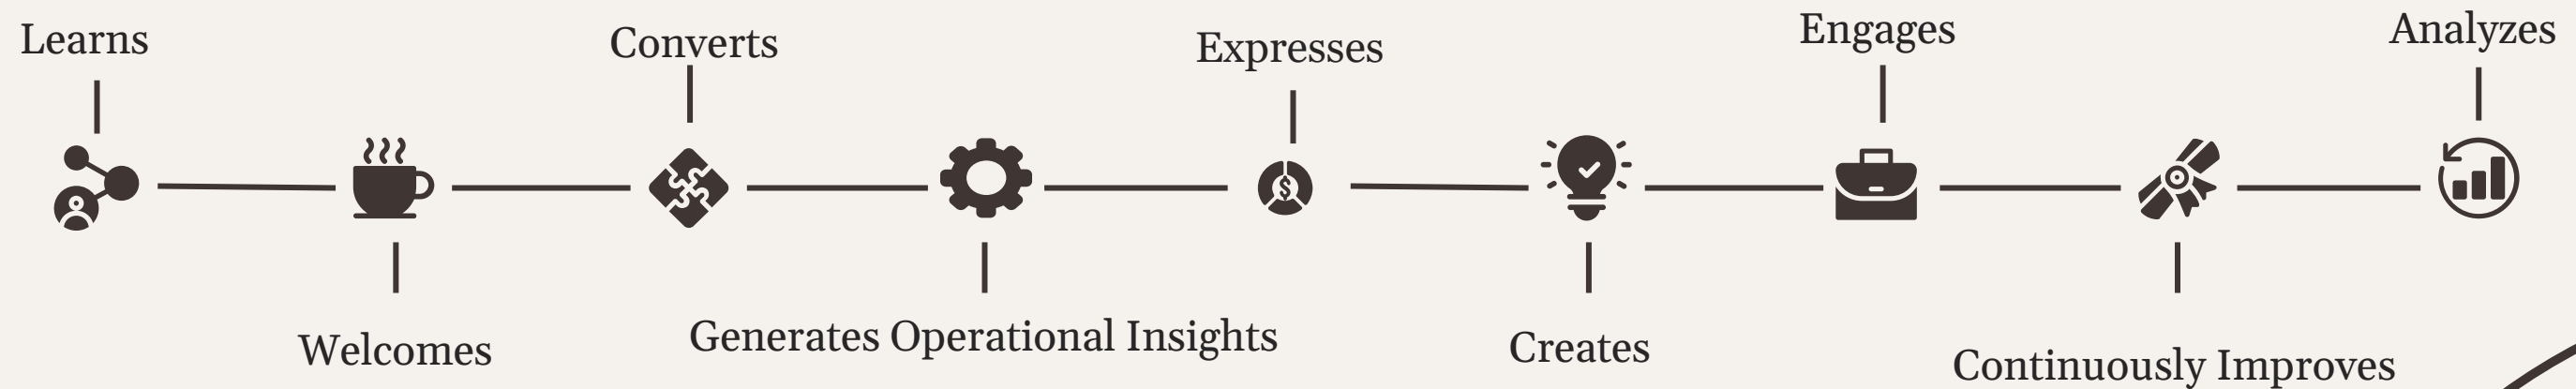

05

Security and Sustainability

Private, Secure. Future-proof.

01- Introduction

A digital twin isn't just a tool. It's a singular extension for your services and products.

02- Our Value Pillars

A digital twin isn't just a tool. It's a singular extension for your services and products.

An Intelligent Social Network

Your digital twin discusses, engages, and represents your personality. In an age where attention is the rarest resource.

An Intelligent Personal Assistant

Agenda management, reminders, task organization, meeting preparation. Your digital twin becomes your digital right-hand, freeing up your time for what truly matters.

A Content Creation Tool

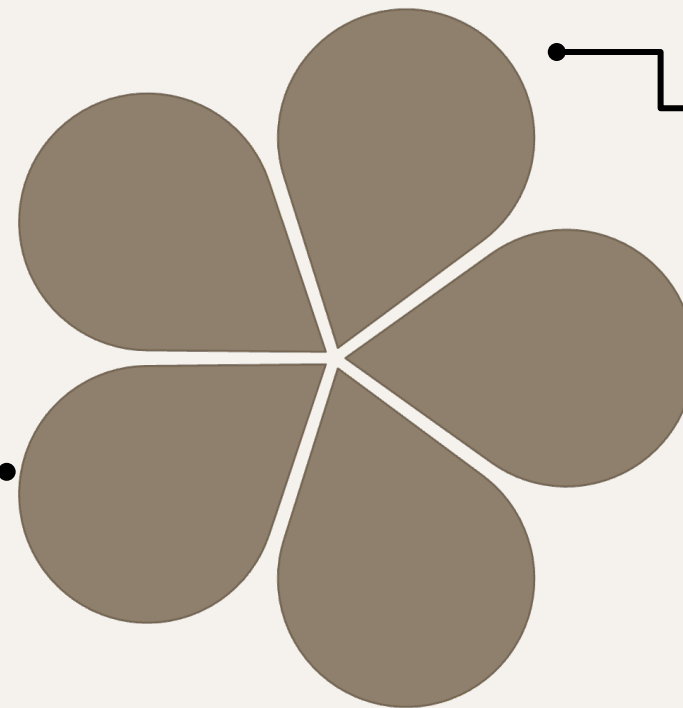

Videos, scripts, posts, messages... Instant, consistent, personalized.

A 24/7 Customer Service Agent

Your digital twin instantly answers questions, resolves issues, and guides your customers. Exceptional customer experience, without wait times or frustration.

A Continuous Marketing Research Machine

Conversational AI produces insights, customer needs, objections and trends. What agencies charge thousands of dollars for, your digital twin generates automatically.

03- Dual Utility: Internal + External

One asset. Two worlds. Exponential benefit.

Internal Optimization:

Empower Your Teams

Training: accelerate new employee onboarding.

Onboarding: facilitate welcoming and autonomy.

HR & Culture: invigorate internal communication.

Interactive Documentation: make information accessible and engaging.

External Engagement:

Connect with Your Clients

Sales: improve conversion and retention.

Customer Support: offer fast, personalized assistance.

Marketing: create more targeted and interactive campaigns.

Lead Generation: attract and qualify new clients.

Interactive Demos: present your products captivantly.

03- Universal Accessibility: A Multiplatform Solution

Your digital twin adapts to your environment. No installation. No technical constraints. Just a browser.

Compatible with All Devices

- Computers, tablets, smartphones
- Windows, Mac, Linux, iOS, Android
- No hardware restrictions

Zero Installation Required

- Accessible via a simple web browser
- No software to download
- No manual updates

No Infrastructure Change

- Works with your current IT system
- No technical migration needed
- Immediate deployment

Instant Access

- Connect in seconds
- Available 24/7 from anywhere
- Smooth experience across all media

04- Integration

One line of code. Zero friction.

Works in:

- emails
- websites
- landing pages
- presentations
- internal tools
- exhibitions & kiosks

04- Integrated Support: Your Digital Twin Evolves With You

Our commitment goes beyond creation. We ensure your digital twin is always at its best, adapting to your needs and the constantly evolving digital landscape.

Continuous Improvements

We constantly work to perfect the capabilities of your digital twin.

Regular Updates

Access the latest features and technological advancements.

Appearance Customization

Evolve its style and aesthetics to match your brand or personal image.

Behavioral Adaptation

Adjust its interactions and responses to perfectly align with your objectives.

Dedicated Support

Our team is always available to guide and assist you at every step.

Comprehensive support for a digital asset that consistently gains in **value** and **relevance**.

05- Security & Sustainability

Security:

- no data retained
- private architecture
- full training control

Sustainability:

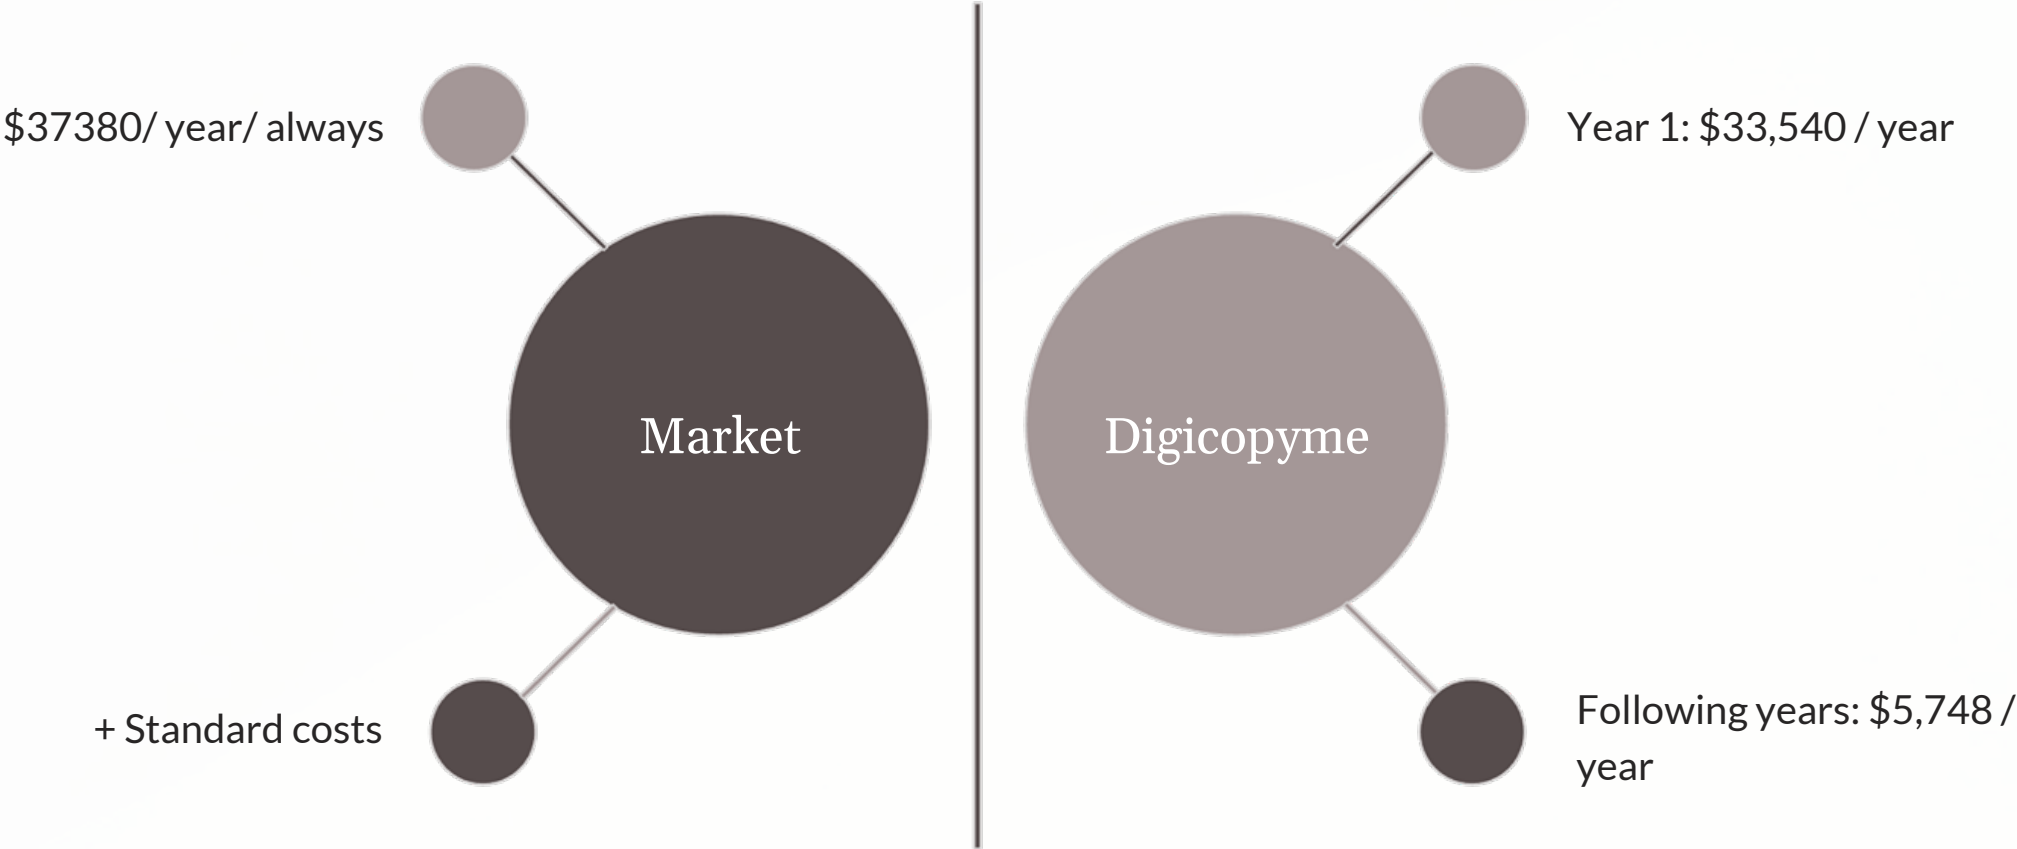

- lightweight web hosting
- low energy consumption
- more sustainable than traditional alternatives

Your AI belongs to you; you train it, you develop it, you can rent or commercialize it.

Cost Comparison
